Welcome to the Graff/Snover Ranch

This will be the host site of the 1998 Cattlemen's Ball, Saturday, June 6, 1998, southeast of Ainsworth, Nebraska. The site is known as the Graff/Snover Ranch.

The Graff/Snover Ranch had its beginning in 1947 when Eastern Nebraska cattle feeder Floyd Snover and his sons, Reid and Ralph, decided to start raising their own feeder cattle. Reid, who liked the cattle end of the business much better than farming, along with his wife Betty and two small daughters, Sheryl and Paige, were the ones to move to Ainsworth and operate the ranch.

The family purchased the Lloyd and Helen Hanna Ranch 7 miles southeast of Ainsworth. It was a well balanced ranch with hills and hay

meadows and Pine Creek running through it.

Reid began conservation efforts immediately, cross fencing the large pastures, and drilling additional stock wells, to allow for better rotation grazing. He began planting trees for shelter belts and fenced off and hayed blow-outs, wintering the cows on the hay meadows, harrowing the cow chips in spring to utilize natural fertilizer.

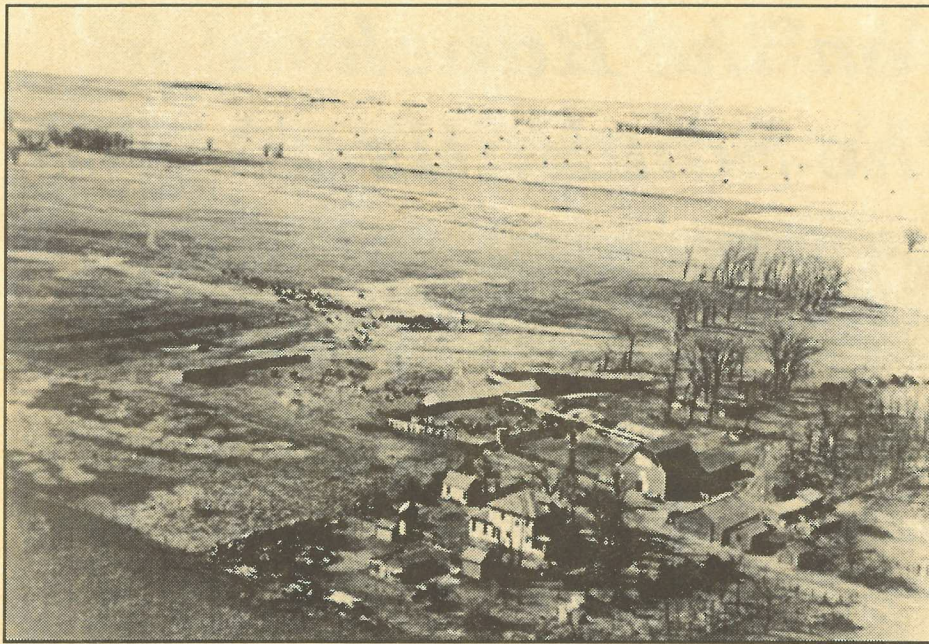

Over the years more land was purchased as adjoining land became available, to allow for more family and

a larger herd.

Stan Graff married Sheryl Snover in 1961. They made their home on the ranch. Two sons, Todd, in 1964 and Terry in 1969, were born and at a very early age started helping Sheryl, Stan and Reid with the cattle work and haying.

In 1976 and 1977 the ranch became a ranching-farming operation with the addition of 2 Valley Center Pivot Irrigation Systems to raise corn and alfalfa to feed.

Reid Snover passed away suddenly in 1978. In 1985 Stan became ill with

Leukemia and passed away. This left the management of the ranch to Sheryl and her sons Todd, 20 and Terry, 16.

From 1947 until now the cattle breeding program has changed significantly. The original herd was all Hereford cows bred to Hereford bulls. The first change was to breed the Hereford cows to Angus Bulls to produce black-white-face calves.

The ranch now has three herds: Hereford cows bred to Angus Bulls; Black White Face Cows bred to Charolais bulls; and an all black Angus herd bred to Angus/Key Cross bulls. The cross breeding has worked well.

The Graffs have been involved in the Beef Alliance Program through Farmland Industries. The family was very honored in December of 1995 to have their family farming-ranching operation featured in the Farmland Industries Annual Report Color Portfolio. In May 1997, Sheryl was on the planning team and participated in the International Farm and Table Conference for Farmland Industries.

Sheryl has been a member of the Board of Directors of the Farmers-Ranchers Co-op for 8 years. She is serving her 4th year as a Brown County Commissioner. In that capacity, she serves on the Niobrara River Management Council, the Sandhills and Region IV Mental Health Boards, active member of the Nebraska Cattle Association, and the BKR Solid Waste

Committee. She belongs to the Congregational Church of Christ and the Women's Fellowship, Does Drove #54, and is a member of the Brown County Arts Council. She served 14 years as a School Board member of District #65.

Todd and his wife Bobbie have two sons, Josh, 13, and Brady, 9. Terry has a daughter Morgan, age 6. The three youngsters are already very good cattle help and Josh works in the hayfield in the summer. Betty Snover helps with cooking and acts as the "gopher" when called upon.

With all their busy ranch duties, the family members still take time to do other things. Todd and Terry like to calf-robe and team-rope. They par-

ticipate in rodeos when they can. Todd has served as President of District #65 School Board.

The children are involved in baseball, pee wee wrestling and have participated in a few junior rodeos.

The family continues to use good conservation practices: trees for shelter belts, minimum and no tillage farming, blow-out and weed control, participating in two experimental weed eradication test plots through the University of Montana and local weed superintendent and working with the MNNRD, Soil Conservation Service and consolidated Farm Services.

Includes 18 Holes Golf
1 Cart -- Lunch
Flag Prizes on
All 18 Holes

In Concert: Joe Diffie

"It still amazes me," says Joe Diffie of the recording experience. "No matter how many times I've done it, it's still a thrill - the idea that you can begin with a blank tape, and then come out with something extraordinary. In the studio, I can be completely creative. I love taking advantage of the challenge." Breathtaking ballads ("Twice Upon A Time," "The Promised Land,"), assertive uptempo rockers ("I Got A Feelin'," "This Is Your Brain") and songs leavened with wordplay and humor. ("Show Me A Woman," "John Doe"), Diffie's seventh album finds him concentrating on what he does best - delivering expert songs of a wide variety, all aimed at one end: communicating, straight from the heart. Building on an impressive track record -- with albums from 1990s *A Thousand Winding Roads* to 1995s *Life's So Funny* - he's consistently stuck gold and platinum - ***Twice Upon A Time*** is destined to delight the mass audience Diffie has won through constant touring and dedication.

This is Joe Diffie at his best. And that "best" is music of a very high caliber. With typical modesty, the singer summarizes his approach: "It's basically down to finding the coherent songs that make sense - that have good hooks and good grooves. The ballads I sing have to affect me emotionally. I pick songs like a radio listener - I try to find something that either gets me dancing or gives me chills."

Special Thanks and Recognition

Thanks to everyone who participated in this year's Cattlemen's Ball.

The Committees would like to pay special tribute to all the Citizens of the Ainsworth, surrounding area, and the entire State of Nebraska for their support, donations and time.

There is no way we can list the names of all our volunteers. If you gave an hour or 200 hours, or \$5.00 or more, your support was appreciated so very much.

1998 Cattlemen's Ball Chairmen

Dear Guests

It is with great anticipation that this day has come. The Cattlemen's Ball of Nebraska Advisory Board welcomes you and thanks you. We appreciate your support with your attendance and donations!

We would like to congratulate the Graff/Snover Family and the Ainsworth Community. The many volunteers have spent countless hours making the Cattlemen's Ball possible. These area volunteers have also made it possible to meet our goals of promoting beef in a healthy diet, showcasing rural Nebraska, and raising money for healthcare.

This year we are happy to announce that the money raised from the Cattlemen's Ball will go to the University of Nebraska Medical Center/Eppley Cancer Center and to meet healthcare needs in the Community of Ainsworth.

If you are interested in volunteering or hosting future Cattlemen's Ball events please contact any Advisory Board Member.

Enjoy the day!!!
