# **WEEPING WATER, NEBRASKA**

**JUNE 3RD AND 4TH**

**FUNDING CANCER RESEARCH,  
FINDING A CURE**

**The Cattlemen's Ball of Nebraska is a charity whose mission is to raise money for cancer research through an annual fundraising event.**

**The money raised at the Ball is used for cancer research at the Fred & Pamela Buffett Cancer Center in Omaha.** Since the inaugural event in 1998, the Cattlemen's Ball has raised more than \$16 million to fund cancer research. Ninety percent of the proceeds go to the Cancer Center and the remaining 10% is returned to the local community for health and wellness initiatives.

**The Ball is held in a different location each year, giving Nebraska communities the opportunity to showcase their unique area of the state.**

**The event also promotes beef, one of the state's largest industries, as part of a healthy diet.**

**Thank you for being here.**

#### **COVER ART BY TORI SWANSON**

Tori Swanson is an artist based in central Nebraska. She studied Fine Art at Hillsdale College and has since pursued being a professional artist. Having grown up on a farm, Tori finds inspiration from rural living and the agrarian scenes around her. She seeks to show others the beauty of God's creation in Nebraska's simple landscapes, focusing on the colorful sunsets and skies. Her work can be found in Cottonwood Gallery & Arts in Aurora, Neb., on her website ([toridenae.com](http://toridenae.com)), and on Facebook/Instagram (@toridenaeart). Be sure to visit Tori's booth in the General Store.

# NEED TO KNOW

## **PAYMENT OPTIONS**

Cattlemen's Ball tokens are the only form of payment accepted at the bar stands and tents. Tokens can be purchased at the two token trailers noted on the site map. Tokens are sold in bags of 10 for \$20 cash/check or \$20.60 credit/debit card. No individual tokens will be sold. Tokens are non-refundable. Please return token bags and any extra tokens to one of the token trailers or bar stands/tents.

Both tokens and credit cards are accepted at the Memorabilia stand. No cash.

## **SILENT AUCTION**

Silent Auction payment settlement will be through Qtogo, which will require a credit card. The link is: <https://qtogo.net/qmlink/cattlemensballne>

## **LIVE AUCTION AND BIDDING**

Auction items are subject to sales tax. Cash, checks, and debit/credit cards are accepted as forms of payment for your convenience. Your prompt payment following the auction is appreciated. All bids are final. No refunds or exchanges will be made.

## **FIRST AID**

Emergency Medical Technicians (EMTs) are on site to provide care for medical situations. The EMTs are located in the First Aid Building, which is noted on the site map.

## **LOST AND FOUND**

The Lost and Found is located in the southwest token trailer, as noted on the site map. To inquire about items after the Ball, contact Buffie Jones at [buffieajones@gmail.com](mailto:buffieajones@gmail.com) or (402) 297-9633.

## **CONSENT TO USE OF IMAGE OR LIKENESS**

Entry to the grounds of the 2022 Cattlemen's Ball of Nebraska constitutes consent and permission to use all entrants' likeness or image at any time in future photographs, video and any other promotional materials related to the 2022 Cattlemen's Ball of Nebraska and all future Cattlemen's Ball of Nebraska events.

## **DISCLAIMER NOTICE**

This disclaimer notice and release is valid and automatically considered as accepted by all guests by their presentation of a ticket and entrance to the grounds of the event.

By presenting a ticket for admission to and entering the grounds of the 2022 Cattlemen's Ball of Nebraska (the "Event"), guests attend at their own risk. The Cattlemen's Ball of Nebraska, Inc., Cass County Ag Society, and the 2022 Hosts, their Officers, Directors, Members, Partners, Co-chairs, Committee Members, their agents, and volunteers (collectively referred to as "Event Providers") shall not be liable for and disclaim all liability for any claims of whatever nature, including but not limited to, that for theft, injury, loss or damage of whatever nature, against the Event Providers, whether arising from the default, negligence, or otherwise, of any one or more Event Providers and guests further waive any claim of any nature in their own right and on behalf of anyone claiming through them.

# WELCOME

---

On behalf of myself and the Advisory Board, I would like to welcome you to this great event at the Cass County Fairgrounds near Weeping Water, Neb. This location has a unique setting for the Ball in that it is in a rural area but will also have some buildings and other amenities to make for a comfortable site.

All of us attendees at the Ball will have one thing in common in that we have no doubt had a friend or family member have a battle with cancer. This gives us the opportunity to come together to enjoy beef in a healthy diet and raise money to help find a cure for cancer. I hope everyone will enjoy their time here and make an impact on helping to cure cancer.

The Advisory Board would like to thank Mark and Candi Rathe and Dr. Scott and Karen Lubben, along with their families, for hosting this year's event. We also want to thank all of the committee chairs, co-chairs, committee members and volunteers who have donated their time and talents that it takes to make this event happen.

We look forward to seeing everyone again in 2023 when Kent and Colleen Weborg, Craig and Darlene Weborg, and Brian and Renee Weborg host the Cattlemen's Ball on June 2-3, south of Pender, Nebraska.

*Jeff Marshall*  
Advisory Board Chairman

# A MESSAGE FROM THE GOVERNOR

Governor Pete Ricketts

Welcome to the 2022 Nebraska Cattlemen's Ball!

The Cattlemen's Ball brings together leaders from across the state to celebrate livestock agriculture, unite in the fight against cancer, and enjoy the natural beauty of Nebraska.

Nebraska is known as the Beef State, and for good reason. We rank first in the nation for commercial cattle slaughter, and second in cattle on feed, all cattle and calves, beef exports, and commercial red meat production. Beef is our state's #1 business in our #1 industry. Annually, Nebraska beef generates \$10 billion in cash receipts.

We've amassed a global reputation for our premium beef. Our state is the leading exporter of U.S. beef to the European Union, South Korea, Colombia, Israel, and Kuwait. And our reach continues to grow. In 2021, Nebraska exported a record \$1.81 billion of beef, which surpassed the state's previous annual high by 25%!

This year's Cattlemen's Ball highlights rural areas near our biggest cities. It's a reminder of the profound impact beef production has on all of Nebraska. Jobs in our cattle industry aren't tied to a ranch or feedlot. They're present in IT, accounting, legal, and many other professions located in Lincoln and Omaha.

From Ogallala to Omaha, the livestock industry is a prominent part of our state's history and culture. 150 years ago, Ogallala was an important center of the cattle industry. Cowboys drove their herds there, either to load them onto Union Pacific trains headed east or to rest before continuing on to the west. In the early-to-mid 20th century, Union Stockyards in Omaha was the second-largest in the world—a major hub for our nation's booming cattle industry. Today, rodeos, fairs, and butcher shops throughout Nebraska carry on this rich heritage.

Our state's agricultural heritage includes responsible stewardship of the natural environment. Nebraska's farmers and ranchers are the original conservationists. Since the 1960s, our ranchers have contributed to a 66% increase in national beef production, while helping the U.S. beef industry reduce its carbon footprint by 40%. America now produces 18% of the world's beef with just 6% of the world's cattle. Our family ranchers take great care of their land and water so that they can pass it on to the next generation.

While the Cattlemen's Ball celebrates beef production, it also displays the open-hearted generosity of our ag community. Since 1998, the Cattlemen's Ball has raised nearly \$16 million to fund cancer research. Working together, we can—and will—find a cure for this horrible disease. Thank you for supporting this charitable effort. Each and every one of you are part of funding a cure for cancer.

I first attended the Cattlemen's Ball in 2006, and I'm always impressed by the gracious hospitality of its hosts. A special thank you to the Rathe and Lubben families for spearheading this year's event in Weeping Water. Thank you, as well, to the hundreds of local volunteers who've generously given time to make this year's Cattlemen's Ball a memorable experience.

Here's to another successful and enjoyable Nebraska Cattlemen's Ball!

# A MESSAGE FROM DR. KEN COWAN

Kenneth H. Cowan, MD, PhD  
*Fred & Pamela Buffett Presidential Chair  
Director and Physician in Chief  
Fred & Pamela Buffett Cancer Center*

I am honored to again be attending the Cattlemen's Ball of Nebraska, surrounded by many familiar faces and some new friends. As we gather together in beautiful southeast Nebraska, I am reminded more than ever that your support for the Cattlemen's Ball ensures that life-changing, life-saving cancer research can continue to take place in our state.

Cattlemen's Ball funds help the Fred & Pamela Buffett Cancer Center, the only NCI-designated cancer center in Nebraska, with faculty recruitment, purchasing shared lab equipment, pilot research projects and a state-wide clinical trials program. No matter how you support the Cattlemen's Ball: purchasing tickets, auction items, merchandise, playing golf or taking part in a sponsorship – all of it helps the Fred & Pamela Buffett Cancer Center achieve its mission of preventing and curing cancer in Nebraska through innovative research.

To date, your generosity has resulted in over \$16 million donated to the Fred & Pamela Buffett Cancer Center since 1998 when the first Ball was held in Ainsworth. This is an astounding amount, and has been instrumental in many breakthroughs in cancer research in our state. Researchers are awarded pilot project grants, which are required to develop preliminary results necessary to submit for larger federal grant applications. Competitive start-up packages, crucial to recruiting and retaining the brightest and most talented cancer researchers, are made possible through the Cattlemen's Ball. Specialized pieces of equipment that are shared by scientists at the Cancer Center are purchased with Cattlemen's Ball funds. Finally, the state-wide clinical trials program, which provides access to all cancer clinical trials to patients across the state, is generously supported by funds from the Cattlemen's Ball.

I want to express my gratitude to the people of Weeping Water, Cass County, and the surrounding areas who worked together for the past year to make the 2022 Cattlemen's Ball a very special event. Thank you to this year's co-hosts, Dr. Scott and Karen Lubben and Mark and Candi Rathe and their families, for your hospitality, commitment, and passion for the Cattlemen's Ball.

As always, I am extremely grateful to the past and present members of the Cattlemen's Ball Advisory Board for your leadership and support, and all that you do for cancer research. To all of the committee chairs, committee members, and the thousands of volunteers over the years: please know how very much your time and work are appreciated and admired. Finally, on behalf of the faculty, staff, and patients of the Fred & Pamela Buffett Cancer Center, we thank each of you again for supporting the Cattlemen's Ball.

The location of the Cattlemen's Ball may change each year, but one thing does not: the steadfast commitment that each host community has to eradicating cancer in Nebraska.

Thank you very much for joining us as we gather together, "funding cancer research, finding a cure" at the annual Cattlemen's Ball of Nebraska in Weeping Water!

# MEET THE 2022 HOST FAMILIES

Dr. Scott & Karen Lubben Family and  
Mark & Candi Rathe Family

Left to right: EJ Buglewicz, Angie Buglewicz, Dr. Scott Lubben, Karen Lubben, Lauren Lubben, Matt Lubben, and Jeremiah Lubben

Dr. Scott and Karen Lubben were both raised on family farms in Otoe County, Neb. After Scott graduated from Kansas State University College of Veterinary Medicine, they moved to Plattsmouth, Neb., where Scott began working in a mixed animal practice, and it was there they raised their family. Today, the Lubbens enjoy living in rural Cass County. Currently, Scott is a solo mixed animal practitioner who serves many of the surrounding communities and Karen is a Senior Claims Analyst for the Chapter 13 Trustee office in Omaha. Serving on the church council, leading the Fellowship of Christian Athletes huddle at Plattsmouth High School, acting as a 4-H club leader, and being involved in a number of other community organizations has taught the Lubbens the importance of community service and caring for others in need.

Scott and Karen, along with their daughter Angela and her husband EJ, their son Matthew and his wife Lauren, and their son Jeremiah, have learned what cancer can mean to a family. Scott's dad, Richard, and Karen's mom, Mary Ann, both passed away after battles with cancer, in addition to numerous grandparents and friends who have lost their lives from this deadly disease. The Lubbens are so thankful for both Karen and Scott's mom, Judy, who are cancer survivors.

*"We truly may not know what tomorrow will bring, so if we have the chance to celebrate the lives of our friends and family, we need to do it wholeheartedly. If we have the chance to fund research that will give us more tomorrows, then we should welcome that opportunity. We cannot thank our committee chairs, their committees, the volunteers, and all of you for attending this event and for making this all possible. We truly feel blessed by all of you and for having the honor of co-hosting the 2022 Cattlemen's Ball."*

# the Lubbens

Left to right: Brooklyn, Candi, Mark, and Jillian Rathe

# the Rathes

Mark and Candi Rathe live in rural Weeping Water, Neb., with their two daughters, Brooklyn, who graduated from Weeping Water High School just a couple of short weeks ago, and Jillian, who will be a high school junior this fall – and, of course, their “fur besties,” Molly and Reese.

Mark sells farm equipment for KanEquip in Syracuse, Neb., and Candi works part-time as a personal banker at Cornerstone Bank. The couple has kept busy throughout the years chasing their daughters in all of their sporting, school, and 4-H activities. Mark and Candi are active in their community, as well. Mark has served on the Cass County fair board for a number of years and is currently serving as President; has served on the school board; and has helped with Weeping Water’s annual event, Limestone Days. Candi has taught Sunday school, helped with school organizations, coached sports when their girls were younger, and kept busy running the household.

*"We enjoyed our first Cattlemen's Ball several years ago and were truly amazed at what a fantastic event it is and what a wonderful cause it benefits. Cancer has touched all of our lives. Personally, we have lost Bill, Wayne, Scott, and Jodi; while we have rejoiced with Marvene, Marcy, TJ, Deanna, Bonnie, Rose, Shirley, Brandy, William, and Rhonda who have fought cancer and won. We are honored to have a hand in helping to find new treatments to give people more time with their loved ones. And we truly thank you for taking time out of your busy lives to help us raise money for cancer research.*

*We cannot pass up an opportunity to thank our co-hosts and every committee chair, their committees, our many volunteers, and our donors who have made this event possible. We are excited to host this year's Ball and hope you all have a great time!"*

## MEET THE 2022 GENERAL CHAIRMEN

### Craig Buescher, Fundraising

Craig Buescher grew up near Lawrence, Neb., and graduated from the University of Nebraska-Lincoln with an Animal Science Degree in 1973. He and his wife, Marge, raised four children and farmed near Deweese, Neb., where they had a diversified crop and livestock operation. Craig has been involved in many ag and church organizations over the past 45 years and is usually helping in some type of fundraising.

The Bueschers moved to South Bend, Neb., in 2008 to be closer to their nine grandkids. Craig recently retired from the University of Nebraska Foundation, where he spent five years as a development officer for the UNL College of Agriculture Sciences and Natural Resources.

Craig had the unique opportunity to be in the Nebraska LEAD program in 1985-87 with one of the original organizers of the Cattle Baron's

Ball, Shari Flaming. He and Marge have attended many Balls throughout the years and both decided to take a leadership role this year since it is in Cass County. Craig is serving as chairman of the Fundraising Committee and Marge as chairwoman for the Trail Boss breakfast.

Their involvement became extra special when they lost their nephew on Christmas Day after a valiant battle against cancer.

### Landy Roeber, Site

Landy and Meggan Roeber live just south of Ashland, Neb., on their family farm, where they have lived for 10 years. Meggan works at Campbell's Nursery and is also the Cass County Fair Manager. Landy works at Frontier Cooperative in the grain department. They have two children - Easton (13) and Eila (6) - who keep them busy. The family has a passion for showing livestock and show pigs, goats, and cattle. The

kids also have a small cow herd and raise show cattle to sell.

Over the years, the Roebers have lost several friends and family members to cancer and they feel this is a great event to be a part of, as it benefits an amazing cause.

## Tracy Zeorian, Activities

Tracy Zeorian of Manley, Neb., along with her husband, Jim, own Zeorian Harvesting & Trucking. For the past nearly 40 years, they, along with their four daughters (Jamie, Jenna, Taylor and Callie), have traveled the Midwest highways as custom harvesters.

Tracy served as President and Executive Director for the US Custom Harvesters organization and has a passion for people. While acting as Executive Director, she had the opportunity to organize and create a yearly convention with more than 1,000 attendees. Along with this experience and the love of working with people, Tracy looks forward to helping create the 2022 Cattlemen's Ball. She's expecting to look back on this event as one of the very best in its history!

## Candi Rathe, Food

Along with being event co-hosts, the Rathes are also co-chairmen of the Food Committee. To learn about the Rathes, see page 11.

## Kevin Albert, Site

Kevin and Krissy Albert are from Louisville, Neb. The Alberts have been married for 21 years and have two boys, Kole (17) and Kanon (15). Kevin has farmed corn and soybeans on the family farm since 1991. He's the fourth generation of Albert Farms, which was established in 1906. Kevin and his dad also raise Salers and Angus cattle. Kevin has been actively involved with the Cass County Ag Society and has been a fair board member for 25 years. He has also served on the Louisville Ball Parents Association as an officer and member for the past nine years, on the Louisville

Booster Club as an officer and member for the past eight years, as Cass County Little League commissioner for the past seven years, as a 4-H dad and leader for the past nine years, and as a member of the Louisville United Methodist Church.

In October 2018, the Alberts' nephew, Braydon Yardley, a high school senior, was diagnosed with a rare form of liver cancer and fought the battle with it until September of 2019. Kevin's family developed a close connection with the doctors and staff at the Buffett Cancer Center during this time. The family feels if they can help someone not have to go through what they went through, it will be a blessing.

Kevin's knowledge of the Cass County Fairgrounds facility and close friendships with the host couples are the key factors in his volunteering to help with the Cattlemen's Ball. He and his family feel fortunate to be helping to raise funds and awareness for cancer research.

## Mark Rathe, Food

Along with being event co-hosts, the Rathes are also co-chairmen of the Food Committee. To learn about the Rathes, see page 11.

## Jenna Scherrer, Promotions

Jenna Scherrer was born and raised in Cass County. She grew up in Manley, Neb., and lived in Louisville, Neb., for several years. In 2021, she married Mat and moved to north central Kansas, where Mat farms and raises cattle. In 2022, the Scherrers welcomed their first baby, Hattie. (Which is why Jenna missed photo day!)

Jenna worked in agricultural marketing and communications for two global equipment manufacturers for a combined ten years. She is now a freelance marketer who continues to work with ag clients.

Jenna is proud to be part of the 2022 Ball because she believes in its mission: Nebraskans celebrating, honoring, and helping fellow Nebraskans.

Join emcees Jon and Taryn Vanderford for the official Trail Boss ticketholder welcome and evening program.

The Vanderfords are an Emmy Award-winning husband and wife team who work on various shows for television station 10/11 News out of Lincoln, Neb.

After the program, place your bids on your favorite items during the live auction!

The list of live auction items is on pages 61-62.

*Main tent, #1 on map*

## 8-9 PM

### SPECIAL PERFORMANCE BY THE LOFTE COMMUNITY THEATRE

Our friends from The Lofte Community Theatre have put together a show specifically for the 2022 Cattlemen's Ball!

There's something for everyone in this variety show filled with a little song, a little dance, a lot of laughs and a touching tribute to those who battle cancer.

The Lofte Community Theatre is a theater in a barn located just a mile as the crow flies from this year's Ball. For 45 years, the "Born In A Barn Players" have been fulfilling their mission to Bring Arts to Rural Nebraska!

We encourage you to visit their website at [www.lofte.org](http://www.lofte.org).

*Main tent, #1 on map*

**SPONSOR: MacDon**

## 9-10:30 PM

### TOMMY O'KEEFFE CONCERT

Get ready for a good time and great music by Tommy O'Keeffe!

O'Keeffe is a country singer-songwriter from Hastings, Neb. O'Keeffe, who moved to Nashville in 2018, was nominated for "New Artist of the Year" at the 2022 Rocky Mountain Country Music awards through iHeart Radio. He has also co-written several songs for other artists that have amounted to more than two million streams.

## 1:30-2:30 PM

### STYLE SHOW

A main event of the Cattlemen's Ball is the Style Show. And just as this is no ordinary "ball," this is no ordinary fashion show.

The Cattlemen's Ball Style Show features our heroes, the survivors! We honor these brave men, women, and youth who have demonstrated their faith and tenacity, and have become far more than ordinary fashion models - they are the true role models for all of us. Ranging in age from 8 to 85, one might even say these sensational survivors are super models!

The fashions they wear are not just ordinary clothes. These fun and stylish outfits have been generously supplied by sixteen Nebraska businesses who understand and support the purpose of the Cattlemen's Ball in the fight against cancer. Just as every cancer journey is unique, so is every outfit.

Join us for a fun, delightful, and meaningful afternoon of celebrating our amazing participants and sponsors. Hear their unique and inspiring stories. See the latest looks in fashion, curated especially for the Ball - and for our outstanding models.

Nothing about cancer is ordinary. Help us showcase the extraordinary at the Cattlemen's Ball Style Show!

#### Emcees

Bryce Doeschot, Farm Broadcaster, Rural Radio Network  
Stephanie Doeschot, Farm Chaos Coordinator

**See side bar for clothing providers.**

Staff has breast cancer models and will provide breast cancer education.

**Nebraska AgrAbility**

Staff is available to provide chapstick, sunscreen, and other support/resource materials for farmers and ranchers who are impacted by health conditions or disabilities.

**Syracuse Area Health**

Staff provides cholesterol and glucose screening. They can run a lipid panel and a blood sugar check. Fasting is not required, but for best results, a fast of 8-10 hours is recommended.

# SERENITY GARDEN

Friday 4-9 PM and Saturday 9 AM-9 PM

**Location #16 on map**

We welcome you to spend time in the Serenity Garden – a quiet place that allows you to step away from the hustle of the event for a moment to rest and reflect upon the true meaning of the Ball. In the Serenity Garden, you'll be reminded of the most important reason we gather together for this event: to honor those who fought the cancer battle, to offer hope to those who continue to fight, and to raise money for cancer research.

When you visit the Serenity Garden, you will have the opportunity to make your own Remembrance Rock. Rocks will be available for you to design and place in the Serenity Garden, or to take home with you, as a personal and unique opportunity to celebrate and honor the loved one(s) in your life affected by cancer.

## Honorary Gifts

Thank you to those who purchased a Patio Pot or Promise Petals centerpiece in honor of someone you hold dear to your heart who fought or is fighting cancer, and to honor the beauty in their determination.

You may pick-up your pre-ordered, or purchase a non-customized, Patio Pot at the Serenity Garden after 4 PM on Saturday to take home and enjoy.

You may pick-up your pre-ordered Promise Petals arrangement on Saturday night, prior to the start of the concert.

# BEEF EXPERIENCE

Friday 4-7 PM and Saturday 9 AM-5 PM

**Location #4 and #5 on map**

Nebraska is proud to be “The Beef State” – where cattle outnumber people and where we have an annual event called the Cattlemen’s Ball. What would the Ball be without a tribute to the product that makes us number one in the hearts of producers and consumers alike? Stop at the Beef Experience tents to get answers to all your questions about Nebraska beef and its importance to our economy, our health, our environment, and our enjoyment. Besides, who can say no to the delicious smell of grilled steaks, cooked perfectly?

## FRIDAY AND SATURDAY

Take a walk through our visual display, “200 Years of Nebraska Beef,” to see everything from Texas Longhorns to Wagyu. See the breeds that have had the biggest influence throughout Nebraska history and how they’ve changed over the years to meet consumer demands. Visit with Nebraska producers about the animals they have on display. Then, enter the tent to view informational booths provided by Nebraska Beef organizations such as the Nebraska Cattlemen & Women and the Nebraska Beef Council.

## SATURDAY SPECIAL EVENTS

12-5 PM (check tent for times)

### 01

University of Nebraska - Lincoln athletes and administrators share how beef is an important feature at their training tables. Take a photo with a UNL athlete and get an autograph while there!

### 02

Lane Rosenberry, Sysco Protein Specialist, demonstrates cooking methods for various beef cuts.

### 03

The University of Nebraska-Lincoln Mobile Beef Lab shows how beef animals are efficient “up-cyclers” of Nebraska grasses.

### 04

Members of the Nebraska Beef Council share the results of Beef Checkoff Dollars at work through various projects.

***And, of course, there will be grills running and beef to sample!***

# HISTORY BUILDING

Friday 4-7 PM and Saturday 9 AM-5 PM

*Location #3 on map*

## SPECIAL EVENT ON SATURDAY AT 3 PM:

Join us as Bess Streeter Aldrich (Billie Lefholtz) tells the story of her life and times in Elmwood, Neb.

### Cass County Historical Society - Plattsmouth

On July 20, 1804, the Lewis & Clark expedition camped just downstream from present-day Plattsmouth, Neb. See a scale model replica of one of the pirogues used on the two-year expedition to the Pacific ocean. Founded in 1936, the Cass County Historical Society will also highlight some of Cass County and its towns' 168-year history.

### Weeping Water Valley Historical Society - Weeping Water

140 years ago, the Missouri Pacific Railway laid tracks through Cass County, bringing growth, prosperity, and new neighboring towns to Weeping Water. Stop by and get a sneak peek at a new display coming soon to Memory Lane Museum, depicting the history of the railroad through our part of the county. Stop by and pick up Heritage Trail self-guided walking tour maps and an Oakwood Cemetery scavenger hunt flyer and explore more of historic Weeping Water after the Ball.

### Bess Streeter Aldrich Foundation - Elmwood

Did you know that Cass County was home to one of Nebraska's finest writers? In her short stories and novels, Bess Streeter Aldrich chronicled the ups and downs of small-town living and the hardships and hopes of prairie times in the Midwest. Her sixth novel, *Miss Bishop*, was adapted for the film "Cheers for Miss Bishop" in 1940. At 3 PM, join Mrs. Aldrich (Billie Lefholtz) as she tells the story of her life and times in Elmwood, Neb.

### Civil War Veterans Museum - Nebraska City Elmwood G.A.R. Hall Veterans Museum - Elmwood

At one time, there were more than 100 G.A.R. Halls in Nebraska. Our area is lucky to host two of the four that remain. On display, you'll find the stories and photos of some of Cass County's Civil War veterans, a musket and rifle used by the 1st Nebraska Infantry, and a roster of 1st & 2nd Nebraska Cavalry Regiments.

#### **Meeske Hardware - Weeping Water**

One of Weeping Water's oldest family-owned businesses, Meeske Hardware recently celebrated 80 years of service to the area. It all started in 1939 when Art & Mable Meeske moved their young family from their Wisner-area farm to Weeping Water where they purchased a hardware store. Since then, a lot of goods have been sold and a lot of stories have been told. Some of the store's history will be on display and Gayle and family will be there throughout the day to tell some of those stories.

#### **Nutrien - Weeping Water**

Weeping Water has been known as the center of Nebraska's limestone industry since the 1860s, and Nutrien has played a part in that history.

You'll also find displays by the **Murdock Historical Society Museum**, the **Strategic Air Command and Aerospace Museum** located near Ashland, **Nehawka** historian **Susan Rice**, **Avoca** historian **Cindy Drake**, the **Nebraska State Historical Society Foundation**, **Weeping Water Whiz Kidz 4H**, and more.

TOM DINSDALE

CHEVROLET

GMC

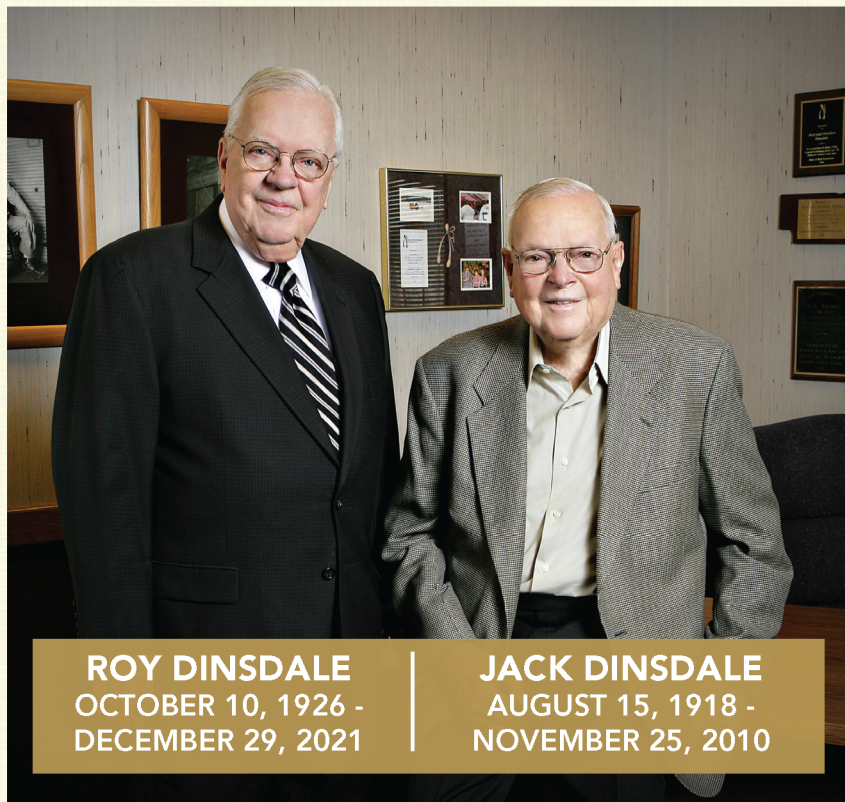

1708 S. WEBB RD. | GRAND ISLAND, NE  
DINSDALEAUTO.NET | 308.382.4662

**THE DINSDALE FAMILY** emigrated from England to Nebraska, through Elkhorn, in the late 1800s, settling north of the Loup River in Nance County. George Dinsdale and his wife Annie established and grew farming and cattle feeding interests and eventually built a house in Palmer, Nebraska.

In the early 1900s, George's two sons, Tom and George, continued to grow these agricultural interests. They purchased the State Bank of Palmer, with some friends, in 1938 to help their community through the Great Depression.

Tom had no children. George had four sons, George, Jack, Roy and Howard.

As they grew up, all the brothers were instilled with the value of hard work and perseverance. Roy and Jack would go on to expand the family farming and banking businesses, and George and Howard forged paths in other interests.

Jack served in the military. He married Gretchen and they moved to Palmer in 1948 after his service. They have two children, Tom and Lynn.

After graduating from the University of Nebraska, Roy married Gloria and they moved to Palmer in 1949. Roy and Gloria have three children, Sid, Chris and Jane.

Upon returning to Merrick County, Roy and Jack continued working their family farming and cattle businesses.

In 1959, they had the opportunity to purchase the National Bank of Neligh. This would be their first of many expansions to their banking company known today as Pinnacle Bancorp, Inc.

Roy and Jack were partners in business for more than 60 years. Their partnership mirrored the partnership of their father George and uncle Tom. Both partners put aside their egos to cooperate for the greater good of their families and businesses.

**ROY:** *"I think our dad and uncle were a little unusual in the ability to work so well together, and I think Jack and I have been a little unusual too."*

**JACK:** *"Life has been so good to us. I guess it's a little ability, but a lot of luck. You just couldn't be very unhappy in this situation."*

Today, the fifth generation of the Dinsdale family remains invested and working in the banking, farming and cattle industries.

Roy Dinsdale and Jack Dinsdale were strong supporters of the Cattlemen's Ball for many years and its charitable mission was always close to their hearts. We're proud to honor their memory for the 2022 Cattlemen's Ball.

thank you, donors!

## CALF FOR A CURE

The Calf For a Cure program enables any and all Nebraskans, regardless of background, to take part in the fundraising efforts of the Cattlemen's Ball while also supporting the Nebraska beef industry

A donation of \$1,000 buys a feeder calf and a donation of \$600 pays to feed a feeder calf. The cattle are placed on feed at a local feedlot and the full value of the finished animals is added to the Cattlemen's Ball fundraising total.

In 2022, the generosity of donors allowed us to purchase \$50,000 worth of feeder steers, which were grown in Cass County and finished at Cedar Hill Cattle Co. Thank you to all of our donors and to the Sindelar family for their continued support of this program to fund cancer research.

# GRAIN FOR A CURE

The 2022 Cattlemen's Ball team was pleased to develop a new opportunity to contribute to our cancer research fundraising efforts: Grain For a Cure.

By partnering with Frontier Cooperative, the Grain For a Cure program enabled Nebraska growers to easily make a grain donation in the name of the Cattlemen's Ball.

it wouldn't be possible without you,

## VOLUNTEERS

On behalf of the 2022 Cattlemen's Ball of Nebraska Advisory Board, host families, general chairmen, and committee chairmen, we extend our sincerest thanks to the hundreds of volunteers who helped make this event a success. We could not have done this without you.

*Proudly supporting the Cattleman's Ball  
with Cambium Networks.*

# THANK YOU FOR ATTENDING THE 2022 CATTLEMEN'S BALL OF NEBRASKA

*"Never doubt that a small group of thoughtful, committed, citizens can  
change the world. Indeed, it is the only thing that ever has."*

- MARGARET MEAD
