Welcome to the 2025 annual Cattlemen's Ball of Nebraska. Our hosts, Terry and Beverly Acton, and the Cattlemen's Ball Board of Directors would like to thank the committee chairs, co-chairs, and volunteers who have donated their time and work to make this special event happen. Without your commitment, time, and work none of this would be possible.

On behalf of the Board of Directors we would like to personally thank you for your donation, your presence, and your support. This is what makes this event so meaningful. The Cattlemen's Ball of Nebraska brings our Nebraska community together united in one cause "Raising Money for Cancer Research."

This will be the 27th annual Cattlemen's Ball of Nebraska. The Cattlemen's Ball has raised \$21,745,072 to fund cancer research at the Fred and Pamela Buffett Center. Ninety percent of the money raised at each ball goes directly to fund cancer research. The remaining 10% stays in the community hosting the event for health and wellness initiatives.

This is personal for me as a cancer survivor. Someday, I am hopeful we can take back from cancer what cancer has taken away from so many. Many attendees of the Cattlemen's Ball have had experiences with cancer, either directly or through someone they know. As we gather together today to raise money for cancer research, may you enjoy the activities of the day, excellent nutritious beef dishes, and great company. Hopefully, this event brings us one step closer to finding a cure for cancer.

We look forward to seeing you again in 2026. Howard and Linda Benjamin along with Levi and Bobbi Jo Messersmith will be hosting the ball near Cozad Nebraska. Save the date and mark your calendars for Friday June 5th and Saturday June 6th, 2026.

Chuck Baum
Cattlemen's Ball President

Dr. Joann B. Sweasy Ph.D.

Director, Fred & Pamela Buffett Center

At the Fred & Pamela Buffett Cancer Center, we believe the fight against cancer starts with strong communities. The Cattlemen's Ball of Nebraska is a testament to the power of people coming together for a shared cause, raising funds for cancer research to ensure that every Nebraskan has access to the best possible care, no matter where they live. I am deeply grateful and truly honored to be part of this incredible event. Thank you to our 2025 hosts, Terry and Beverly Acton and the Board of Directors. Finally, a special thank you to everyone involved for making this event seamless and memorable.

Cancer isn't just a disease we fight in laboratories and clinics; it's personal. I know this because it has touched my life, just as it has for so many of you. I have seen the fear and uncertainty it brings, which drives us all to combat that uncertainty with state-of-the-science research.

The year 2024 marked the beginning of an incredible tenure for me. One defined by progress, collaboration, and an unwavering commitment to advancing cancer research and care across Nebraska. Looking back, I am proud of what we have achieved together and excited about the road ahead.

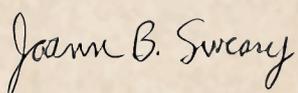

One of our most important goals is to ensure that all Nebraskans have access to leading-edge treatments driven by world-class research. Beyond advanced therapies, our initiatives will focus on understanding the causes of this disease, cancer prevention, early detection, rehabilitation, and survivorship, offering a comprehensive approach to care. This vision was set into motion by the late cancer center director, Dr. Ken Cowan, MD, PhD, whose leadership laid a strong foundation we are building upon through strategic planning and expansion efforts.

We are making steady progress in expanding cancer care across Nebraska. The opening of the Fred & Pamela Buffett Cancer Center in Kearney has been a pivotal step in making care more accessible than ever, especially for rural communities. Another milestone has been the shared branding with Nebraska Medicine across four locations, creating a robust network that fosters greater collaboration between researchers and clinical cancer specialists, unlocking the potential for faster breakthroughs.

Our commitment to prevention continues through cancer education and screening initiatives, helping more people detect cancer earlier when treatment is most effective. We are advancing research by supporting team science and community-based studies through several multi-principal investigator grants awarded this year. Building on these efforts, we are also expanding our clinical trials network in rural Nebraska, bringing innovative treatments and new possibilities closer to the communities that need them most.

I am grateful to our philanthropic partners, researchers, providers, and community members who make this work possible. Thank you for your continued dedication to this mission.

Kind regards,

Joann B. Sweasy, PhD
Director, Fred & Pamela Buffett Cancer Center

Meet the 2025 Hosts

Terry & Beverly Acton

We're honored to welcome you to this year's Cattlemen's Ball. Allow us to introduce ourselves. Terry's passion for cattle began at a young age. After returning home from World War II, his father purchased the homestead that remains part of our property today. That legacy, along with Terry's deep-rooted love for ranching, led him to study Agricultural Science at the University of Nebraska-Lincoln, where he expanded his knowledge and deepened his commitment to the cattle industry.

Beverly grew up in Cheyenne County on a wheat farm, where her family also raised and fed cattle. Her early experiences instilled a lifelong appreciation for agriculture. She later attended Kearney State College (now UNK), studying culinary arts. Her love of cooking inspired her to open and run her own restaurant for 15 years, retiring in 2024.

Like so many families, we have experienced the pain of losing a loved one to cancer. It's one of the reasons we feel so strongly about supporting the mission of the Cattlemen's Ball. Hosting this event is not only a privilege, it's personal.

Together, we're proud to share our passion for Nebraska agriculture, hospitality, and community. Thank you for joining us in supporting life-saving cancer research and celebrating the strength and spirit of rural Nebraska.

Westley and Sarah Behrends reside in Beatrice, Nebraska, where they have proudly raised their four children. Westley owns and operates Deco Pro Custom Concrete, a decorative concrete business known for its craftsmanship and creativity. Sarah owns 402 Sports Bar & Grill, a local favorite and a wonderful addition to the community.

Their oldest son, Colbey, works as an operator at Monolith in Hallam, Nebraska. In February, he proposed to his fiancée, Lauren McDaniel, and the couple is excitedly planning their wedding for August 2025.

Left to Right: Codey, Ceighley, Westley, Sarah, Calley, Colbey Behrends, Lauren McDaniel

Calley currently lives in Dallas, Texas, where she is studying at Parker University, School of Chiropractic.

Codey is the family's all-around worker. He assists Westley with the concrete business during busy months and also lends a hand on the family farm whenever needed—always ready to step in wherever he's most helpful.

Ceighley just completed her second semester at Southeast Community College in Beatrice and plans to begin nursing school in January 2026.

Together, the Behrends family shares a love for traveling and spending time outdoors. They are honored to be part of the Cattlemen's Ball, supporting cancer research and rural Nebraska communities.

Left to Right: Michael & Ashley Behrends, Reese, Lauren, Graham

Michael Behrends and his family also call Lincoln home. He owns and operates Behrends Well Drilling, specializing in commercial wells and installation services. His wife, Ashley, is a speech-language pathologist with the Malcolm school system. Their daughters, Reese and Lauren, attend Malcolm Schools, while their youngest, Graham, is enrolled at Primrose School in Lincoln. All three children love spending their summers out on the farm, where they can enjoy the outdoors and make lasting memories.

Justin Behrends, a graduate of Northwest Missouri State University with a degree in Business, lives in Lincoln and works alongside his brother Michael in their family's well drilling and installation company. A passionate outdoorsman, Justin especially enjoys hunting trips to Wyoming, where he's pursued elk, deer, and bear. On a recent adventure, he proudly harvested a

6-foot black bear that qualified for the Wyoming Boone and Crockett record book – a trophy that now stands proudly in his living room.

Cattlemen's Ball

2025 General Chairs

Left to right: Ryan Trauernicht, Kelly Lenners, Randy Huls, Laurie Huls, Terry Acton, Bev Acton, Sheri Wieden, Mark Wieden, Vicky Jurgens, Lisa Pieper

Ryan Trauernicht - Beatrice, NE

Ryan and his wife Katie live in Beatrice, NE with their three children. Ryan is the Market President at Pinnacle Bank in Beatrice and Katie is a registered nurse. Ryan and Katie have grown up around agriculture their entire lives, with their parents and grandparents having raised cattle along with raising row crops. They currently own and operate a small row crop operation themselves with Ryan's dad and brother. Ryan currently serves on three boards, the Beatrice Community Hospital, the Beatrice YMCA Foundation, and the Beatrice Chamber of Commerce. Having numerous friends and family that have battled cancer over the years, Ryan and Katie are honored to be a part of the Cattlemen's Ball.

Kelly Lenners - Adams, NE

Kelly and her husband, James Lenners grew up in Gage County, Nebraska, in the Filley area. Both were raised on diversified farming operations. After both graduating from UNL, they proudly continued in the Ag Industry and currently work as a Loan Officer and a Crop Insurance Specialist respectively for First State Bank Nebraska. Today they reside near Adams, and continue to operate their family farms. They have 3 children. Daughter Morgan and husband Adam Frerichs live in Beatrice. Morgan is a Physical Therapist with BCH PT Department. They have twin 2-year old daughters Emma and Avery. Daughter Emily and husband Brendan Lipovsky live in Lincoln where Emily is an RN with Ear, Nose, and Throat Specialties PC. Son Garrett is currently a student in the MD program at UNMC, Omaha. He and his fiancé' Reagan Koza will be married June 2025. When not at the bank and helping on the family farm, Kelly enjoys spending time with family, playing with the grandkids, attending sporting events and planning their next vacation. She is currently a member of the Beatrice Community Hospital Foundation Board of Directors, and is involved in many other community sponsored events. Supporting the Ball, and the Buffet Cancer Center, has been an enlightening and fulfilling opportunity, and she is proud to help fund and promote cancer research. Like many, her family has been affected by cancer and they have recently seen first hand the compassion of the doctors and staff at the center, where superb client care and miracles happen.

Randy & Laurie Huls - Cortland, NE

Randy and Laurie operate a diversified farm and produce corn, soybeans, wheat, alfalfa, cattle and swine. They farm with their son, Blake, and wife, Bailey. They also have 2 daughters Jessica Larson (Mike) and Missi Kohn (Ryan). They value spending time with family and are blessed to have all their children and 7 grandchildren living nearby. They are involved in their church and several community groups. They believe in the power of community support and look forward to raising money for such a worthy cause that has affected so many. Cancer research is important to them as Randy is a Cancer Survivor. They are honored and excited to be involved with the 2025 Cattlemen's Ball.

Mark & Sheri Wieden - Blue Springs, NE

Mark and Sheri Wieden live just down the road from the Cattlemen's Ball location and are proud to help neighbors, Terry and Bev, with this event. Owners of Wieden Cattle Company, they have been raising Hereford cattle for the past 42 years, 14 in the current location. They also raise corn, soybeans, and forages. Over the years, Red Angus and Wagyu cattle have been added to the herd, with plans for a farm to consumer meat sales business underway. In that time, they have also been blessed with two children. Their daughter, Megan, and son-in-law, Garrett Leithoff, reside in Pleasanton, NE and are raising the Wieden's three grandsons, while working at Pleasanton Public School and KAAPA Ethanol, Ravenna. Mark & Sheri's son, Matt, returned home after graduating from NCTA and lives and works on the family farm. His cattle business, Union Center Genetics, represents the third generation of Hereford beef producers in the family.

Like many others, they have lost family members to cancer, and celebrated with family and friends who have survived this devastating disease. It is an honor and privilege to not only promote Nebraska beef, but to help raise funds for cancer research.

Vicky Jurgens - Wymore, NE

Vicky was raised on the Delabar family farm south of Beatrice. Growing up, she was a 4-H member showing cattle and hogs. After working more than 35 years, Vicky recently retired from Norris Public Power District. She resides on a farm near Wymore with her husband, Rick, who is an Auctioneer for The Auctioneers and Beatrice 77 Livestock. Their family includes their son and daughter-in-law, Nicholas and Samantha Thompson, grandchildren, Adeline and Wesson Thompson all of Wymore and their son and special friend, Garrett Thompson and Bren Becker of Aurora, Colorado.

Vicky is a member of the Beatrice Eagles Auxiliary and volunteers at the Gage County Fair. She enjoys flower and vegetable gardening, photography, walking, reading and embroidery.

Vicky lost her grandmother to cancer, and both her husband and best friend are cancer survivors. Vicky is dedicated to supporting those who have fought or are currently fighting cancer.

Lisa Pieper - Beatrice, NE

Lisa grew up on her family farm southwest of Beatrice where they raised cattle, hogs, and row crops. She is a 35-year employee of Pinnacle Bank in Beatrice, where she serve as an Assistant Vice President working primarily with ag producers and residential mortgage loan customers.

Lisa serves on the Beatrice Public Schools Board of Education, the Beatrice Educational Foundation Board, and is a Trustee for the Beatrice Eagles Auxiliary #531 in Beatrice. Lisa has three grown children, son Jordan, his wife Jaime, and one-year-old grandson Case, live in Millard, NE and our family looks forward to them returning to Beatrice once Jaime completes her medical residency. Daughter Madison is an RN at Bryan West in Lincoln and is working towards her Nurse Practitioner degree, and daughter, Lauren, is a Junior at UNMC-Lincoln where she is pursuing her degree in nursing. Lisa enjoys golfing, playing shuffleboard, attending Husker sporting events, tending to her landscaping and flower beds, and spending time with family and friends. It is her honor and privilege to serve as one of the general chairs for the 2025 Cattlemen's Ball. Lisa has had family members, friends, and customers whose lives have been affected by cancer. Growing up in a rural community she has seen the generosity of our residents when they come together for worthy causes. She is confident that once again, they will answer the call and make the 2025 Ball a tremendous success. Lisa looks forward to seeing you at "The Ball on the B-Line" as we come together to raise funds and awareness for cancer research.

Jim Pillen

Governor

Dear Friends:

Welcome to the 2025 Nebraska Cattlemen's Ball!

Now in its 27th year, this annual event has raised more than \$21 million to support cancer research. In addition to serving as an important fundraiser, this event celebrates agriculture and our state. I hope you have the opportunity to participate in the many activities that are scheduled, make some new friends and enjoy the hospitality of this year's hosts.

One of the most unique aspects of this tradition is the selection of a new location for hosting the Cattlemen's Ball each year. We extend our thanks to Terry and Beverly Acton as well as the many sponsors, volunteers and attendees for making this year's event something special.

As Governor, I get to travel and meet people from across the state. Those visits reinforce my belief that the best thing about Nebraska is its people. This secret is getting out. Nebraska is currently ranked the third best state in the country, by U.S. News. We have a lot to boast about, including the devotion we have in helping our neighbors and our shared commitment to making a difference. Because of your passion for agriculture, generosity to this cause, and belief in the future of Nebraska, together, I know we can make a positive impact in the fight against cancer.

Thank you for being part of the 2025 Nebraska Cattlemen's Ball.

Sincerely,

Jim Pillen
Governor

Beef Experience

SATURDAY • 9:00 AM - 4:00 PM

BT

The Infinite Reach of the Cow

Vote on 4 Auction Steers • Beef Tasting Experience • Live Fistulated Steer
Guest Speakers

12:45 - 1:00 Brent Plugge, UNL Extension Livestock Educators Team.
Topic: The Husker Mobile Beef Lab is a hands-on learning experience including a live fistulated steer.

1:00 - 1:30 Dr. Jessica Sperber, UNL Assistant Professor and Feedlot Extension Specialist
Topic: "Beefing Up Efficiency" to sustainably feed the world.

1:30 - 2:00 Mitch Rippe, Director of Nutrition and Education with the Nebraska Beef Council
Topic: Beef 101: beef cut selection to make confident and delicious beef choices.

2:00 - 2:30 Bo Garcia, UNL Extension Assistant Professor
Topic: The dinner plate and beyond, proving the cow is one of America's assets.

2:30 - 3:00 Shelly Kelly, Executive Director of the Sandhills Task Force
Topic: Cattle are the number one tool used to manage healthy grasslands in Nebraska, as they upcycle forages into human usable high quality protein.

3:00 - 3:30 Michaela Clowser, Senior Director of Producer Education and Sustainability at NCBA
Topic: The National Beef Quality Assurance (BQA) program equips cattle producers to ensure responsible animal care, environmental stewardship, and beef safety.

3:30-4:00 Dr. Mary Drewnoski, UNL Professor and Nebraska Extension Beef Systems Specialist
Topic: Focus on cover crops into grazing systems to benefit cattle producers, the environment and society.

Make sure to visit the Nebraska Cattlemen & Nebraska Cattlemen's table!

THANK YOU FOR SPONSORING

The Beef Promotion Tent - designed for guests to enjoy the "Infinite Reach of the Cow" with a chance to vote for your choice of donated steers representing four different beef cattle types.

Ballots purchased with 3 tokens gives you a delicious sampling of beef fries or grilled beef and a chance to win a beef bundle.

Thank you for sponsoring the activities in the Beef Experience Tent: Blackshirt Feeders, Doug and Cindy Lottman, Sysco and Round the Bend Steakhouse.

Two market ready fed steers will be sold at the Farmer and Ranchers Auction based on People's Choice voting at the Beef Promotion. Two steers will be sold in the Saturday Night Live Auction.

The steers represent:

Angus made famous through Certified Angus Beef. Characteristics include Tenderness, Marbling, Flavor and Consistency. <https://www.angus.org/>
Donated by Laflin Angus

"Beef on Dairy" refers to the practice of breeding dairy cows with beef. This creates high quality beef with improved carcass yield compared to purebred dairy cattle. [google-beef on dairy](https://www.google.com/search?q=beef+on+dairy)

Donated by Olson Farms, Inc/ Grimmus Cattle Co

Hereford cattle are a good choice for beef because they are adaptable and mature early. Characteristics include its leaner meat and robust flavor. <https://hereford.org/>
Donated by Niedermeyer Farms

Piedmontese breed is unique in its naturally-occurring genetic makeup, developing extra muscle mass and very little fat.

<https://www.pauscattle.org/>

Donated by Lone Creek Cattle/Certified Piedmontese Beef

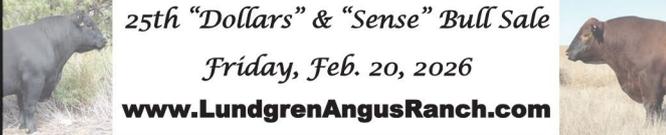

Tier One processing of the beef is provided by McLean Beef of York, NE. Special order processing can be arranged at added cost negotiated between buyer and McLean Beef. Transportation of steers to McLean Beef will be provided. At the buyers' discretion and coordinated with McLean Beef, each beef can be processed into quarters, halves or the whole to share with family, friends, or partners in the purchase. Fill your freezer with delicious, hand fed, farm finished beef. Steers of 4 distinct producing abilities are offered to provide an ample supply of a value added high, quality eating experience at a time when beef is at a premium. Join us in celebrating Beef in a Healthy Diet!!

**BIG ON CAPACITY,
PRODUCTIVITY AND SIZE.**

A New Holland Roll-Belt™ 560 Specialty Crop round baler delivers big capacity and productivity in difficult conditions. An all-steel roller windguard compresses bulky windrows ahead of an 82-inch-wide, 5-bar pickup, while the ActiveSweep™ feeding system quickly moves crop from the tines into the chamber. Inside, a proven combination of steel rollers and premium laced belts makes perfect, square-shouldered bales. Fast tailgate cycling lets bales naturally fall out of the chamber, ensuring you stay productive, bale after bale.

NEW HOLLAND AGRICULTURE

Increase your haymaking productivity with a Roll-Belt 560 Specialty Crop round baler. Stop in today or visit newholland.com to learn more.

Cattle Drive '25 5K / 1 Mile Run / Walk

**SATURDAY • 6:30 AM REGISTRATION
7:30 AM START**

This year the 5K/1 mile run/walk will start and finish at historic Chautauqua Park tabernacle in Beatrice. The route will follow the scenic paved Homestead Trail through the park on an out and back, fast & flat course. The Run/Walk showcases the beautiful park waterfall, and participants will catch glimpses of the Big Blue River as they travel along the trail. The entry fee includes a commemorative event t-shirt and goes to support the mission of the Cattlemen's Ball, funding cancer research to find a cure.

PRAYER: DAWN LANG

Dawn Lang is a retired nurse, married to her husband Bruce for 45 years. They have 3 sons, 6 grandsons and 1 granddaughter. Of Dawn's 6 original family members, 4 have had cancer, three of which have passed. In 2021, with routine mole removal Dawn was found to have very early melanoma. Her husband and his mother were diagnosed with cancer in the same week in 2012. A couple times they had chemo on the same day in Lincoln. Her mother-in-law did succumb to the cancer but her husband is doing well due to the advances made in throat cancers in recent years. Dawn looks forward to the day when cancer is no longer a word we use in our everyday lives.

EMCEE: STAN WIRTH

Stan Wirth grew up in rural Dunbar, Nebraska, raised on a Grade A dairy farm. Stan attended the Institute of Broadcast Arts and employed as the News Director at KWBE radio.

In 1976, Wirth began a 46 year career with the former Beatrice National Bank, now Pinnacle Bank. His positions included Marketing Director, Loan Office, Executive Vice President and Market President until his retirement in 2022. Stan was and still is very involved in the community, serving in the capacity as board member or chairman of various organizations.

Stan's public service included 12 years as Chairman of the Beatrice Planning and Zoning Commission, and 8 years as the Mayor of Beatrice and he is currently a Board Member of the Beatrice Community Hospital Foundation and the YMCA Foundation.

EMCEE:

MYRON DORN

Myron Dorn is a state senator for Nebraska from District 30. He is from Adams in Gage County. He assumed office on January 9, 2019.

Throughout his tenure, Dorn has been assigned to various committees, including the Appropriations Committee. His work in these committees has been significant and impactful.

Before his political career, Dorn was a farmer. He was born in Beatrice, Nebraska, and later attended the University of Nebraska-Lincoln where he earned his Bachelor of Science degree. He is married to Julie Salomons and they have two children, Kyle and Erin.

Dorn's commitment to his district and the state of Nebraska is evident in his work and dedication. His contributions to the Nebraska State Legislature have been significant and he continues to serve his constituents with integrity and dedication.

POSTING OF FLAGS: *Legion Riders*

NATIONAL ANTHEM: *Homestead Harmonizers*

INVOCATION: *Pastor Art Moore*

WELCOME: *Senator Myron Dorn*

PLEDGE OF ALLEGIANCE: *Izabela Clark*

Izzy Clark lives in Kearney with her parents and 3 siblings. She just completed her sophomore year at Kearney Catholic where she is involved in esports, speech, theatre, and band. Izabela was diagnosed with Leukemia just after her 2nd birthday and shortly after completing her three-year treatment protocol, had a re-occurrence at the age of 5. Treatment for the recurrence included chemo, radiation, and a stem cell transplant at Nebraska Medicine. After a healthy 11 years, this January, Izzy had her thyroid removed due to a cancerous tumor. Izzy is currently healthy. She loves to ride horses and hang out with her friends.

AMERICA THE BEAUTIFUL: *Homestead Harmonizers*

CLOSING REMARKS & INTRODUCTION OF BOARD OF DIRECTORS & HOST FAMILY: *Senator Myron Dorn*

GOD BLESS AMERICA: *Homestead Harmonizers*

CATTLEMEN'S BALL PRAYER:

Almighty God, you are the source of all goodness and life.

As people of rural communities, we have a deep sense of our reliance upon You and our partnership with You.

It is You who brings fruitfulness to our efforts.

Increase our sense of gratitude for all the abundance and blessings you have given us.

We ask your blessing upon the work of all the dedicated volunteers and the many others who will be involved in the Cattlemen's Ball.

Bless us all with a willing spirit that our work may have a significant effect in the fight against cancer.

We pray especially for beautiful weather for this extended charity event that will encourage increased participation and generosity by many patrons and participants.

We ask this heavenly Father; through your Son Jesus, in the power of the Holy Spirit.

Amen.

American Legion Riders support our nation's veterans, children and the communities they call home. Riders log thousands of miles each year, and raise millions of dollars for local and national charities.

Homestead Harmonizers directed by Scott Spilker is a chapter of the Barbershop Harmony Society. They are a group of men from many different communities in southeast Nebraska and northeast Kansas who love to sing.

The Homestead Harmonizers use a vintage style of close four-part harmony to entertain their audiences by singing a wide variety of songs including contemporary jazzy ensembles, Broadway show tunes, old time gospel numbers, patriotic tunes, and of course, classic barbershop.

BECKY BACHLE

Becky Bachle grew up in Osceola, NE and followed her husband's Ag Banking career which took them to several communities including Grand Island where she currently resides working for the school system. Becky, like many others, has been hit hard by cancer. Her father and mother-in-law both passed away from their cancers and Becky's husband was diagnosed with glioblastoma which he battled hard for 18 months, and passed away August 22, 2012. She enjoys spending time with her three children and their families, and especially loves to spoil her three grandchildren. Becky is a niece to this year's hosts, Terry and Bev Acton.

DEB GNUSE

Deb Gnuse, is a retired teacher from the Grand Island school system, and a niece of the host couple, Terry and Bev Acton. To reflect on how cancer has affected Deb's life, she has been amazed by the number of friends and acquaintances that have dealt with cancer. In her own family, her dad had leukemia and her niece was diagnosed with leukemia at age 5. Her brother-in-law had glioblastoma that took him way too early, and her mother-in-law also had cancer. Deb currently serves on the local GRACE cancer endowment in an effort to help others who are currently in need of assistance due to cancer diagnosis.

**ORTHMAN HIGH-LIFT
FEEDLOT SCRAPER**

The heavy-duty CS line is engineered to be the strongest and largest scraper line in the industry. The immense weight of the CSX makes it ideal for the punishing environments of large feedlots. The CSX1270 is 12 ft wide making it easy to navigate through gates but has the capacity to handle the largest jobs. A standard tilt axle permits 8° of tilt to precisely shape your worksite for proper drainage.

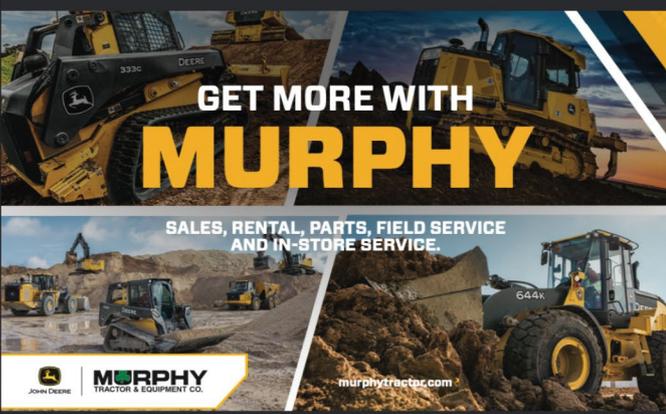

SILENCER
Hydraulic Squeeze
Chutes®

Dubas Equipment LLC

**PRODUCT
FEATURES >**

- Heavy-duty 5,200 lb. 8-bolt hubs handle the toughest conditions.
- Replaceable side plate cutting blades extend nearly 3' below the bottom edge of the scraper for unmatched wear protection.
- The large 16.5 x 16.1 10-ply tires provide great flotation when working in muddy conditions.
- Hydraulic tilt axle provides 8° of tilt to precisely shape your worksite.
- The combination HD swivel hitch with "perfect hitch" tab conquers any terrain.
- With a 36" dump height, the CSX can easily handle large loads.
- The tongue features an A-frame support and heavy-built design.
- Greaseable pivot points ensure long-term, trouble-free use.
- Standard lighting package and side-wind storage jack.

DOING THE WORK NO HUMAN SHOULD

Gabby Barrett

SATURDAY • 9:00 - 10:30 PM

Included in Variety's Power of Young Hollywood list, Billboard's 21 Under 21, Forbes' 30 Under 30 in Music, Billboard's #1 Top New Country Artist for 2020, and a member of CMT's Next Women of Country. Country Superstar Gabby Barrett will headline the 2025 Cattleman's Ball of Nebraska on Sat. June 7, 2025 on the farm of Terry and Beverly Acton in rural Gage County near Blue Springs, NE.

Warner Music Nashville's multi-platinum star Gabby Barrett continues to prove herself to be an unstoppable force in country music. Barrett's debut single "I Hope" ruled the Billboard Hot Country Songs chart for a record-breaking 27 weeks, making her the youngest artist with a #1 debut on country radio in over two decades. She is known for her hits like "Pick Me Up," "The Good Ones," and her new album, Chapter & Verse, featuring her current single penned by Luke Combs, "Dance Like No One's Watching."

Delivering her most autobiographical work to date with the sought-after sophomore release of Chapter & Verse, Warner Music Nashville's MULTI-PLATINUM star Gabby Barrett continues to intimately narrate her life with songs like "Dance Like No One's Watching," "Growing Up Raising You," and "Glory Days." In a stunning evolution of PLATINUM Goldmine and its Deluxe edition - a 2020 release with smashes: meteoric breakout 8X PLATINUM #1 "I Hope," 4-week Hot AC #1 crossover "I Hope (feat. Charlie Puth)," 4X PLATINUM three-week #1 "The Good Ones," and PLATINUM "Pick Me Up" - Barrett took greater creative control than ever before and co-produced the full album. Surpassing 3 BILLION global career streams, she's also stacked major accolades like Billboard Women in Music 2022's Rising Star Award, 2021 CMT Artists of the Year, and the iHeartRadio Titanium Award, plus nods from ACM, AMA, Billboard, CMA, CMT, and iHeartRadio. With top-tier co-hosting gigs on ACM Awards and CMA Country Christmas, Barrett has supported the hottest Country tours including Jason Aldean, Kane Brown, and Brooks & Dunn, while also playing mega music festivals like Stagecoach.

Jordan Schoch

SATURDAY • 10:30 PM - 12:00 AM

Jordan Schoch is a singer/songwriter born and raised in the Heartland of America. Living in Nebraska, Jordan is not only a musician, but also a farmer on his family's farm. Early in college Jordan was introduced to Red Dirt/Texas country music, it was then that he realized his passion to be an artist. Jordan started his music career playing solo bar gigs in college while attending Northwest Missouri State University. After graduation in 2017 he moved back home and spent the next few years traveling across Nebraska as a solo act sharpening his performance and songwriting skills. In the spring of 2022 Jordan Schoch released his debut EP titled "Chasin Storms". He now has a full band behind him and is out on the road promoting his music. He plays both as a headliner and supporting act and has shared the stage with artists such as Logan Mize, Bart Crow and Cody Hibbard. Jordan Schoch believes in true, honest, and real songwriting, "Putting words to music isn't as hard as you think, but writing something that means something, writing something you believe in and then putting out there no matter what anyone is doing, is not only rare, but is what makes a true artist." His music is influenced by the rural life he lives in the Heartland.

336 - 65 GALLON STS-EZ-METER 6 WAY (3") SYSTEM

65 Gallon STS-EZ-Meter 6 Way (3") System. Ag Spray Equipment's STS-EZ METER system enables bulk product transfer without the need for 12 volt chemical pumps and meters. The STS-EZ-METER 5283078 is a 6 product system that utilizes a 1" Oval Gear flowmeter which is excellent for applications with different densities eliminating the need for calibration of the meter due to temperature fluctuation or when switching products with different viscosity's. The digital display shows the amount of product flowing through the meter in real time, allowing the operator to shut off flow when the desired output is reached. After product is measured, the STS EZ Meter system allows the operator to run a rinse cycle to ensure all product is flushed before moving onto the next. Zeroing the meter is as easy as pushing a button before switching to the next product.

Donated by T & T Tank Express

337 - PEOPLE'S CHOICE STEER #3 - DELICIOUS, HAND FED, FARM FINISHED BEEF

411 - GUIDED TEXAS SHEEP HUNT

Guided sheep hunt in Texas sponsored by Bills Volume Sales Up for auction is a 3 day, 2 night hunt in the rolling plains of Texas for the elusive Auodad sheep at Buffalo Springs Ranch. This hunt will be fully guided for a trophy ram and ewe that includes all meals, lodging, and certain alcoholic beverages for the hunter and 1 guest. You can spend time viewing other exotic animals around the ranch, sharpen your pistol shooting skills at the pistol range, shoot a challenging 5 Stand shot gun course, or even play 18 holes on the pasture golf course. Depending on the time of the season, the hunter would also be able to participate in feral hog hunting in the area. In the evenings, you can enjoy sitting around the multiple fire pits located at the ranch or enjoy watching your favorite sports team on the TV's located in the party barn. Also at the party barn, there is a pool table, card table, shuffle board, corn hole, and other activities to enjoy while sipping on your favorite cocktail and possibly enjoying a great cigar. The buyer will be responsible for transportation to and from the ranch. You will also be responsible for any processing or mounting fees. This hunt can be scheduled any time of the year except during Texas whitetail and mule deer season. This hunt expires 6/1/2026.

418 - LANDOLL 7531 ADJUSTABLE VT

Landoll 7531 Adjustable VT - New for Fall 2025. America's favorite Vertical Tillage machine just got better with the new and improved Landoll 7531 Series VT. The adjustable on the fly gang angle has been increased to be more aggressive when field conditions warrant all from the comfort of the tractor seat creating the perfect pass every time. The versatility of the 7531 makes it the ideal tool for spring or fall. Narrow blade spacing sizes residue to help microorganisms break it down faster. Planter performance is optimized with better residue flow and smaller clod size. The smooth rollable blades create a consistent and level seedbed and effectively manage weeds, especially those that are herbicide resistant. While others float around on top, the Landoll 7531 VT will go in the ground and get more done in a single pass!

Donated by Landoll Company LLC

419 - PRIVATE CURATED COLLECTORS WINE & FOOD TASTING EXPERIENCE

Calf For A Cure

The Calf For A Cure program invites and encourages any and all Nebraskans, regardless of their involvement in the beef industry, to take part in fundraising efforts exclusively supporting cancer research. A Bronze donation of \$2500 goes toward the overall program and donors receive two Trail Boss Tickets. A donation of \$1000 goes toward the purchase of a feeder calf which will be combined with other donations to purchase a pen of feeder cattle. A donation of \$600 pays for feed to feed a calf. Because the group values the investments being made in this program, the cattle are price-protected and insured. Donors are recognized in the official Cattlemen's Ball program and receive a special lanyard commemorating this year's ball.

Rick and Amy Gerlach chaired the 2025 Calf For A Cure program. Dustin Rippe, with Roode Feedlot, played an integral role in the program as well, and in December of 2024, he purchased cattle and placed them on feed at his feedlot located in Fairbury, NE. The cattle were on feed until they were shipped for harvest in May of 2025.

Because of the generosity of our donors, and a generous donation of dry distiller grain from EEnergy in Adams, NE, the Calf for Cure program was able to raise \$172,500 for the 2025 Cattlemen's Ball to fund cancer research.

THANK YOU TO OUR 2025 VOLUNTEERS!

THANK YOU FOR TAKING CARE OF OUR VOLUNTEERS!

On behalf of the 2025 Cattlemen's Ball of Nebraska host family, Board of Directors, and committee chairs, we want to extend our sincere thanks to those who provided food, drink, t-shirts to the over 600 volunteers who helped make this event a success. There were many businesses who provided fantastic meals for our volunteers from the first day of set-up to the last day of cleaning up for the Cattlemen's Ball.

A special thank you to our Committee Chairmen and all of our gracious volunteers. We couldn't have done it without you!

Cancer Screenings for General Population

Cancer Type	Who	Age	Test	How Often
Breast Cancer	Women	40	Mammogram	Yearly
Cervical Cancer	Women	21 to 29	PAP test	Every 3 years
		30 to 65	PAP and HPV testing	Every 3 to 5 years until age 65
		Stop at age 65 if previous tests were normal or after a hysterectomy (removal of the cervix).		
Colon Cancer	Men and women	45	FIT test	Yearly
			FOBT test	Yearly
			Stool DNA test (Cologuard®)	Every 3 years
			Colonoscopy	At least every 10 years, depends on findings
Lung Cancer	Men and women	50 to 80 A history of smoking for 20 years or more OR a smoking history of at least 20 pack years.*	Low-dose CT scan	Yearly
Prostate Cancer	Men	45 to 70	Digital rectal exam (DRE) and prostate-specific antigen (PSA)	Talk to a health care provider about risks and benefits
Skin Cancer	Men and women		Self-skin exam	Monthly

Resources: National Comprehensive Cancer Network, American Cancer Society

*Pack years of smoking is the number of packs of cigarettes per day multiplied by the number of years smoked. For example, someone who smoked two packs a day for 10 years (2 packs x 10 years = 20) has 20 pack years of smoking, as does a person who smoked one pack a day for 20 years (1 pack x 20 years = 20).

Talk to your health care provider about which screenings are appropriate for you and discuss the available options.

Here are some ways to lower your risk for cancer:

Annual checkups – schedule at least one follow up visit with your primary care provider.

Maintain healthy weight – aim for a body mass index (BMI) between 20 and 25. A higher BMI is linked to at least 12 cancers.

Diet – recommend a diet high in vegetables, fruits, whole grains and legumes (beans). Avoid fast foods, processed meats and sugar-sweetened beverages. Limit red meat intake to less than 12 to 18 ounces per week.

Physical activity – move more, sit less. Strive to exercise at least 150 minutes moderately (go for a brisk walk) or 75 minutes vigorously (go for a run or high-intensity cross-training class) per week and include strength training exercises at least twice weekly.

Alcohol – there is strong evidence that drinking alcohol is a cause of six different cancers. The less alcohol you drink, the lower your risk of cancer.

Avoid using tobacco products. Ask for resources to help with smoking cessation.

Sun exposure – avoid sun exposure whenever possible by wearing protective clothing and a hat. Apply 1 ounce 30 SPF or higher of broad-spectrum sunscreen every 80 minutes while outside, even on cloudy days.

Check out the **American Institute for Cancer Research's Cancer Health Check** to see what you can do to protect yourself.

If you have a family history of cancer, your provider may recommend getting screened sooner or more frequently.

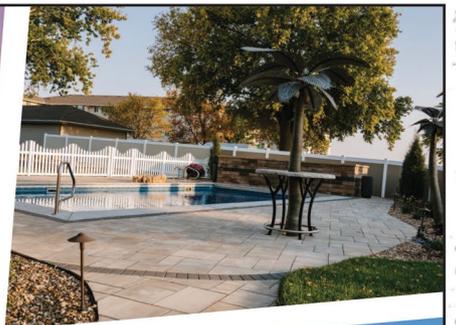

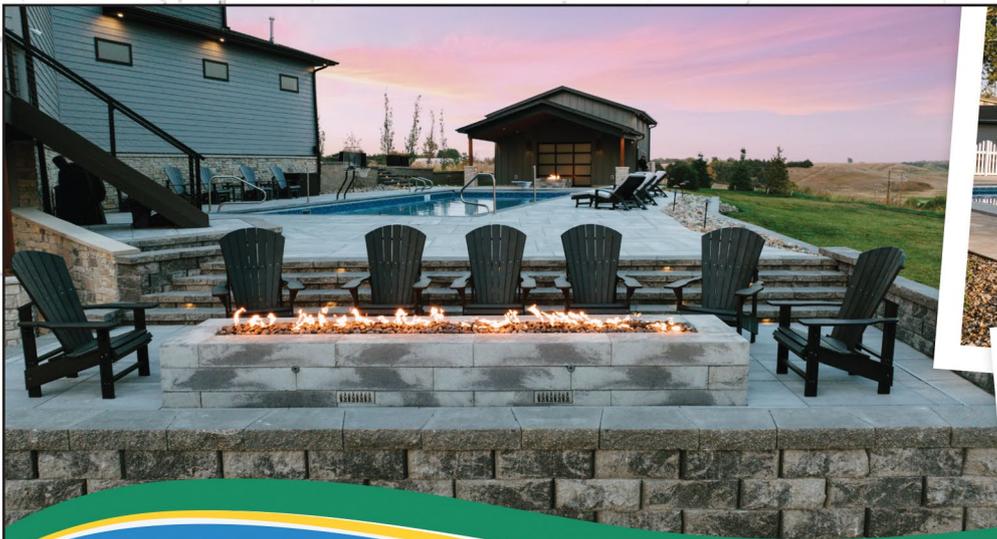

Consider talking to your provider about genetic testing and early cancer screenings if:

- Anyone in your family was diagnosed with cancer younger than age 50.
- Three or more relatives with the same type of cancer.
- You or any of your family members have had ovarian cancer, triple-negative breast cancer, pancreas cancer, prostate cancer that has spread, or male with breast cancer.
- Three or more relatives on the same side of the family with colon and/or uterine cancer.
- Three or more relatives on the same side of the family with breast, prostate or ovarian cancer.
- You or any of your family members have had 10 or more colon polyps (in a lifetime).

If you meet any of the above criteria, consider self-referring to the **Cancer Risk and Prevention Clinic** by calling **402.559.5600**.

To learn more about your personal risk, scan the QR code or visit <https://go.canceriq.com/nebraska-patients> to take the cancer risk assessment today. Your assessment results can be emailed to you and will also be reviewed by a member of our team.
